

# DRIVER TURNOVER

---

## TABLE OF CONTENTS

- Study Objective & Hypothesis..... 4
  - Revenue Models: ..... 4
  - Driver Definitions:..... 4
  - Hypotheses: ..... 4
- Study Methodology ..... 5
  - Surveys, Study Format/Design, Data and Turnover Calculations..... 5
  - Explanation of Appendices..... 5
- Key Findings ..... 7
- Executive Summary ..... 8
  - Cost of Driver Turnover: ..... 8
  - Driver Pay: ..... 9
  - Length of Haul (Driver Home Time): ..... 9
  - Other Turnover Considerations: ..... 10
    - Changing labor Mix:..... 10
    - Hours of Service:..... 10
    - Safety and Security:..... 10
    - Capacity Legislation: ..... 11
    - Emissions: ..... 11
- Company and Respondent Demographics..... 12
- Driver Demographics ..... 14
- Driver Turnover Statistics..... 16
- Subset Analyses..... 21
  - For Hire and Private Fleets (E-4): ..... 21
  - Parcel, LTL, and Truckload Carriers (E-5):..... 21
  - Length of Haul (E-6):..... 21
  - Region (E-7): ..... 22
  - Driver Experience Level (E-8):..... 22
  - Number of Drivers by Length of Haul (E-9):..... 23
  - Number of Trucks by Length of Haul (E-10):..... 23
  - Union and Non-Union Fleets (E-11):..... 23
  - Dispatch Method (E-12):..... 24

## DRIVER TURNOVER

---

Days Home by Length of Haul and Driver Experience (E-13, E-14):.....	24
Driver Pay by Length of Haul (E-15, E-16):.....	26
Driver Pay by Experience (E-17):.....	26
Driver Pay Quartile by Home Time (E-47):.....	27
Glossary .....	28
Appendix A – Survey Response Summary .....	A-1
Appendix B – Write-In Responses.....	B-1
Appendix C – Survey Response Slides .....	C-1
Appendix D – Survey Response Detail Tables.....	D-1
Appendix E – Turnover Calculation Data Tables.....	E-1

NOTE – Data Options: The data is extensive as the White Paper will show. A major effort has been made to present meaningful combinations of relevant driver/turnover data. If there is a combination of data that you are interested in that has not been presented adequately in your estimation, or not at all, please contact ACTR. We will advise on the availability of data to satisfy your request, as well as any cost associated with fulfilling the request.
